PROJECTS

TAP AWAY | SAVING LIVES, ONE TAP AT A TIME, BECAUSE EVERY LIFE IS PRECIOUS.

Sep 2023 – Oct 2023 | Allahabad, UP

- Users can easily register themselves on the app, providing their essential details.
- A quick and easily accessible SOS button for immediate emergency response.
- The app sends the user's location to concerned authorities, as well as friends and relatives, in case of a calamity.
- The service is committed to reaching the user's location swiftly to provide aid and ensure their safety.
- Ensuring user safety is the app's top priority.
- "Tap Away" aims to save as many lives as possible, recognizing the value and preciousness of each individual's life.
- The app's vision is centered around user well-being and security.
- Encouraging involvement of friends and family in emergency situations for enhanced support.
- A reliable platform that users can count on in times of need.
- "Tap Away" provides users with peace of mind, knowing help is just a tap away.

FOOD-ORDER | WHERE CONVENIENCE MEETS CULINARY DELIGHT, MAKING EVERY MEAL A DELECTABLE JOURNEY!

Sep 2023 – On going | Allahabad, UP

- The website serves as an online platform for ordering food from a variety of restaurants.
- It provides users with a user-friendly interface to explore menus, place orders, and make reservations.
- Users can search for specific restaurants or cuisines using the search bar.
- The website incorporates images and user reviews to enhance the user experience and build trust.
- It promotes the use of a mobile app for added features, such as order tracking and account management.
- The website includes sections like FAQs and "Why Us?" to inform users about the service.
- The website is designed to adapt to various screen sizes for a seamless user experience.

SUSHI Aug 2023 – Aug 2023 | Allahabad, UP

- Demonstrated proficiency in creating an intuitive and visually appealing user interface (UI) that optimizes the user experience (UX) for a food ordering website.
- Developed a responsive design that adapts seamlessly to various screen sizes, incorporating engaging visuals, user-friendly navigation, and clear information presentation to enhance the overall user experience.
